# 2005 Annual Income Statistics

## Customers

- The above 2005 income data includes only those Marketing Executives (MEs) who were “active” during all 12 months of the year. An “active Marketing Executive” is someone who qualified to earn a commission. It includes all active Marketing Executives joining FreeLife within the last 4 years (since January 2002).
- The above chart classifies Marketing Executives according to the highest active status they achieved for a majority of the year (at least 7 months during the year). Thus, if a Marketing Executive was a Director V for 5 months and an Ambassador for 7 months, he/she is classified as an Ambassador.
- The earnings depicted in this chart are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations would be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.
